1. Oversight Role of Council

The council must maintain oversight over the implementation of the supply chain management policy and for the purposes of such oversight the accounting officer must within 30 days of the end of each financial year, submit a report on the implementation of the supply chain management policy to the council of the municipality in terms of paragraph 6(2) of the policy.

2. Amendment of the Supply Chain Management Policy

In terms of SCM Regulation 3(1)(b), the Accounting Officer must, when considered necessary, submit proposals for the amendment of the Supply Chain Management Policy.

The Supply Chain Management Policy was submitted to Council for consideration and approval with the other budget-related policies on 25 May 2026, and no further changes were made.

3. Supply Chain Management Unit (SCMU)

The SCMU operates under the direct supervision of the Chief Financial Officer and is led by the Manager: Supply Chain Management and Assets.

4. Training

Competency Levels of Assets and Supply Chain Management Unit

The Municipal Regulations on Minimum Competency Levels require certain general competency levels for officials involved in the implementation of Assets and the Supply Chain Management Policy.

Name	Designation	Unit Standards Completed
Kapot-Witbooi D	Manager: SCM & Assets	24
Mahangu Z	Principal Clerk: SCM	20
Tshambu Lloyd	Administrator	13
Leonard Jaco	Accountant: Assets & Stores	21
Siyeka Lusanda	Accountant: SCM	7

5. Database administration

In terms of paragraph 14(1)(a) of the Supply Chain Management Policy, the Accounting Officer is required to keep a list of accredited prospective providers of goods and services (supplier database). In terms of the municipality's legislative requirement, interested suppliers were requested to register on the database. Current suppliers are requested annually to update their registration information.

Suppliers are also requested to register on the Central Supplier Database (CSD) before the municipality is allowed to do business with them.

6. Awards to persons in service of the state

Awards to persons in service of the state remain a challenge as long as municipalities do not have direct access to the PERSAL system and other public institutions. Provincial Treasury has included the ID numbers of officials and councilors in their system. HR information is submitted monthly to the Provincial Treasury to do the necessary verifications in terms of related parties.

The Central supplier Database is still utilized to perform verifications of persons in service of the state before an award is made. Suppliers also submit Declarations of interest with their formal quotations (above R30 000) and tenders to verify persons in service of the state as well as related parties.

7. Vendor Performance

A monthly monitoring tool for the evaluation of vendor performances is distributed monthly. Bi-annual reports are submitted to Council.

9. CONCLUSION

The performance of the Supply Chain Management Unit has developed despite the continuous challenges faced since its existence including the volumes of external and internal requests especially regarding the tender processes. Continuous training remains vital for all officials involved in supply chain management, given the ongoing changes in SCM-related legislation. SCM officials are committed to improving their performance in the coming year, guided by the lessons learned during the current financial period. Thank you for your dedication, hard work and the extra hours you have invested. Your commitment and willingness to go the extra mile have not gone unnoticed and your efforts are appreciated.

Implementation reports, both monthly and quarterly, have been submitted in compliance with procurement and other reporting requirements. The SCM and Preferential Procurement Policies have been reviewed, and performance evaluations of service providers were conducted on a monthly basis.

Bid committees faced challenges regarding attendance due to member's respective operational schedules. The unit want to thank the bid committee members for their services, dedication and their contributions, particularly the scribe for her role on all three bid committees. The municipality extends its appreciation to the senior managers from Cape Agulhas and Overstrand, for their willingness and availability to serve on the Bid Adjudication Committee, thereby ensuring compliance with SCM Regulation 29(2). Documents have been amended and developed to align SCM processes with the requirements of the SCM policy for procuring goods and services.

The SCMU continuously strives to not only ensure compliance with legislative frameworks, but also to improve administrative and procedural efficiency, thereby giving effect to its Constitutional mandate in terms of Section 152 of the Constitution.

Lastly, a heartfelt acknowledgment to the team. Thank you for your tireless effort, dedication, and commitment to prioritizing the municipality and our community's welfare. Despite encountering challenges, your perseverance and outstanding efforts are truly commendable.
